

## MAIN STREET VOLUNTEER SIGN UP FORM

Our Historic Downtown District is the face and heart of our community and using Main Street's 4-Point approach of Organization, Promotion, Design, & Economic Restructuring will give the opportunity to many in the community to become part of the success of Main Street. It will be the power of our Main Street volunteer base that will move Falls City forward toward the challenges of the future.

The revitalization of Falls City's Historic Downtown District will require many dedicated volunteers. It is not just the city's responsibility, and our local business owners cannot do it alone. It will take the unique skills and vantage points of both the public and private sectors, and it is essential there is collaboration among everyone.

To achieve the goal of a vital and thriving downtown district well into the future, it will take people like you; whose skills, talents, vision, and enthusiasm for Falls City are offered and utilized. Volunteerism is the key to Main Street's success and we are excited to offer you the chance to become a part of the team that will help guide Falls City to a new and exciting future.

By completing the following information sheet we will know the skills & talents you would like to share, and how often you would like to share them. There will no required monthly meetings that you have to attend and you may specify the amount of time you would be willing to donate. We are looking for volunteers of all ages and skill sets.

---

*The true meaning of giving is planting a tree under whose shade you know you will not sit.*
